Clockwise Route-Caledonian Canal.

The dates given are not fixed in stone yet but there as a guide to help you see the outline of the Journey. We need comments and views of participant ASAP to help plan the event so we can all grt as much from it as possible.

It is unrealistic for those on the East coast and those travelling from the Netherlands to start earlier than the date given and to get to the West Coast.

Belfast have indicated they will be having an event on the 31st- 2nd June, and Cabletown an Event on the 7th -9th June. This is a week later than the draft plan above.

Green boxes indicate a planned gathering-- more information to follow as we get more feedback and information.
